CUSTOMIZATION & EMBELLISHMENT CAPABILITIES

1. Digital Dye Sublimation
Full CMYK digital infusion with Italian Kiian inks. Zero hand feel, 100% breathable, permanent color vibrancy that never fades, cracks, or peels.

2. 3D Silicone & Heat Transfers
High-density textured silicone club crests, matte PU vinyl player names, numbers, sponsor artwork, reflective 3M safety accents, and metallic foils.

3. Computerized Embroidery
Ultra-dense multi-head computerized embroidery, 3D raised puff stitching, applique embroidery, and high-definition laser-cut woven patches.

4. Complete Private-Label Suite
Custom woven neck labels, heat-transfer size prints, satin washing instructions, custom FSC-certified hangtags, and branded eco-polybags.

QUALITY CONTROL & COMPLIANCE PROTOCOLS

Raw Material Inspection
4-point greige fabric inspection, yarn consistency check, GSM verification, and laboratory color-matching under D65 artificial light.

In-Line Stitching Audit
Continuous needle inspection, seam elasticity tension checks, SPI (Stitches Per Inch) verification (10-12 SPI), and seam burst resistance testing.

100% Pre-Shipment Audit
Full piece-by-piece final audit checking measurements, label placement, cleanliness, trimming, and export packaging compliant with AQL 1.5 standard.
